### ENTRY FORM

In order to allow enough space for all participants to be lined up in our parade staging area, it is very important that we know the size of your unit such as "Band 50 marchers plus 20 ft. instrument truck" or "Football team riding in two pickup trucks" or "decorated semi with youth group onboard—55ft." Please mark more than one block if your entry has more than one unit and write a description of your unit including the estimated overall length.
